PROFESSIONAL SUMMARY

Computer Engineer – B.E.(May2026) with hands-on experience in Full-Stack Java Development using Spring Boot, Hibernate, REST APIs, and MySQL.

Comfortable working across frontend (HTML, CSS, JavaScript) and backend layers, with a strong foundation in OOP and cloud fundamentals. Completed Java Full Stack certification to deepen enterprise development skills.

Proven ability to deliver end-to-end web applications through internship work and self-initiated projects

Seeking a Software Developer / Engineer role to apply technical skills in a collaborative, growth-oriented environment.

TECHNICAL SKILLS

Languages: Java, C, C++, JavaScript, HTML5, CSS3

Frameworks & Libraries: Spring Boot, Hibernate, Bootstrap

Databases: MySQL, Firebase

Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA

Cloud & Others: Cloud Computing fundamentals (AWS / GCP – Simplilearn)

Concepts: OOP, REST API design, MVC architecture, Cross-browser compatibility

WORK EXPERIENCE

Web Development Intern | Gen Z Education Wing *Jul 2024 – Sep 2024 | Remote*

- Built and delivered responsive, mobile-compatible web pages using HTML, CSS, JavaScript, and Bootstrap, meeting client requirements end-to-end.
- Implemented reusable UI components and resolved cross-browser compatibility issues, reducing reported rendering bugs by 100% before delivery.
- Optimized page assets and code structure to improve loading performance and user experience.
- Collaborated with senior developers through code reviews and incorporated feedback to align with industry best practices.
- Presented completed deliverables with technical walkthroughs to stakeholders, demonstrating features and implementation decisions.

PROJECTS

Supply Hub – Supplier Dashboard | *HTML, CSS, JavaScript, Firebase* |

- Designing and building a full-featured supplier management platform enabling suppliers to post stock availability, update pricing, and manage orders in real time.
- Implementing analytics dashboards for order tracking, customer ratings, and complaint management to provide business intelligence to suppliers.

- Using Firebase as the backend to handle real-time data sync, authentication, and cloud-hosted storage.

Personal Portfolio Website | *HTML, CSS, JavaScript*

- Developed a fully responsive portfolio website optimized for both desktop and mobile viewports, showcasing skills, projects, and contact information.
- Applied CSS best practices and performance optimizations to improve loading speed and visual consistency across devices.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Engineering

New Horizon Institute of Technology and Management, Thane | CGPI: 6.96: May 2026

CERTIFICATIONS & TRAINING

- Java Full Stack Developer–Includes Spring Boot, Hibernate, REST APIs, and MySQL (2025)
- Web Development (HTML, CSS, JavaScript, Bootstrap) – Gen Z Education Wing (Sep 2024)
- Introduction to Cloud Computing – Simplilearn SkillUp (Mar 2025)
- Web Development Hackathon – Tutedude (Jul 2025)
